TRANSPORT DEPARTMENT

Write up

Annual Plan 2014-2015

Transport and Communication related activities are important in respect to Service Sector outcome. Smooth movement of public goods and hassle free public transport system is the backbone of modern and better administered state. A modern transportation system works as catalyst for growth oriented public economy and utility services. The State Government of Jharkhand is taking all initiative to bring the transport systems equivalent to other such states having excellence in this field during 12th plan period.

For the achievement of aforesaid target following projects will be executed during 2014 - 2015, and a sum of Rs. **100.00** crores is being proposed for the financial year 2014-15.

State Plan

Continuing Schemes

1. Railway Projects - The State Government of Jharkhand signed a Memorandum Of Understanding (MOU) on 19.02.2002 with the Ministry of Railways, under which 6 (six) railway projects were to be executed. These projects were to be completed within five years from the date of MOU. The estimated cost of Rs 1997.00 crore was fixed for these six railway projects. The cost sharing ratio between the State of Jharkhand and Ministry of Railways was fixed as 66.66% : 33.33%. The construction work of these six railway projects as (1) Ranchi - Lohardaga (Extended upto Tori) (2) Dumka - Rampurhat (3) Deoghar - Dumka (4) Giridih - Koderma (5) Koderma - Tilaiya and (6) Koderma-Ranchi was started in year 2002. At present out of these six railway projects (1) Under Ranchi-Lohardaga (Extended upto Tori) rail project, work is completed between Lohardaga to Barkichapi and movement of train has been started on this part. (2) Under Deoghar-Dumka rail project, work has been completed and movement of train has been started since 12.07.2011. (3) Under Giridih-Koderma rail project work is completed between Koderma to Nawadih and proposal for movement of

train has been sent to Railway Board. During the period of 1st MOU, railway projects could not be completed, that is why an extension of MOU has been signed on 14.02.2012 between State Government and Ministry of Railways on the cost sharing basis of 50 : 50 wherein the estimated cost of projects was calculated as Rs 3771.00 crore. The funding pattern was decided as 50 : 50 in place of previous funding pattern 66.66 : 33.33 by the State of Jharkhand and Ministry of Railway, but the cost sharing ratio was decided not to be applied on actual estimated cost Rs 1997.00 crore. Thus, the new funding pattern of 50 : 50 was applicable on escalated cost (3771.00-1997.00 = 1774.00 crore) only. Therefore 50% of Rs 1774.00 crore i.e. Rs 887.00 crore was the liability of the State Government. The total liability of State Government has become as sum of 66.66% of actual estimated cost Rs 1997.00 crore and 50% of increased cost Rs 1774.00 crore (1332.00+887.00) = Rs 2219.00 crore. Up to financial year 2012-13 total liability of Rs 2219.00 crore has been released to the Ministry of Railway by the State Government. But the on-going railway projects of Jharkhand State are yet to be completed, therefore Ministry of Railway has submitted new draft for extension of MOU and expected to complete these railway projects by Feb, 2016. As per the proposed extension of MOU draft, the estimated/anticipated cost of railway projects has been revised as follows -

Sl.	Name of Projects	Length	Latest anticipated cost (Rs. in Crore)
1.	Ranchi-Barkakana-Hazaribagh-Koderma	203 KM	3211.00
2.	Ranchi-Lohardaga (Extended upto Tori)	113 KM	596.00
3.	Koderma-Tilaiya	14 KM	150.00
4.	Koderma-Giridih	111 KM	927.00
5.	Deoghar - Dumka	60 KM	400.00
6.	Dumka - Rampurhat	64 KM	491.00
		565 KM	5775.00

The new funding pattern of 50 : 50 is applicable on escalated cost (5775.00-1997.00 = 3778.00 crore) only. Therefore 50% of Rs 3778.00 crore i.e. Rs 1889.00 crore is the liability of the State Government. Therefore total liability of State Government will be the sum of 66.66% of actual estimated cost Rs 1997.00 crore and 50% of increased cost Rs 3778.00 crore i.e. (1332.00+1889.00) = Rs 3221.00 crore. As the State Government has already released Rs 2219.00 crore to Railway, therefore the total rest

liability will be (3221.00-2219.00) = Rs 1002.00 crore only. Accordingly due to again extension of MOU the State Government will have to provide Rs 1002.00 crore to the Ministry of Railways for the completion of these on-going railway projects by Feb, 2016.

An outlay of Rs. 50.00 crore is available under this head for the financial year 2013-14. For the purpose of completion of railway projects in forthcoming years an outlay of Rs 66.18 crore has been proposed under this head during the financial year 2014-15. An outlay of Rs 26.18 crore under Other Sub Plan (OSP) and an outlay of Rs 40.00 crore under Tribal Sub Plan (TSP) has been proposed to be earmarked from total outlay under this head.

2. Building Construction work - The schemes of construction of new buildings of Regional Offices such as District Transport Offices and Regional Transport Authority Offices is an on-going schemes under taken by Department of Transport. Under this scheme, it is proposed to keep provision for the liability of construction of office of RTA, Palamu and DTO, Hazaribagh scheme. Upto financial year 2013-14 a sum of Rs 5.16 crore has been sanctioned and allotted for construction of 10 DTO offices. The details are as follows -
